COLAs Online

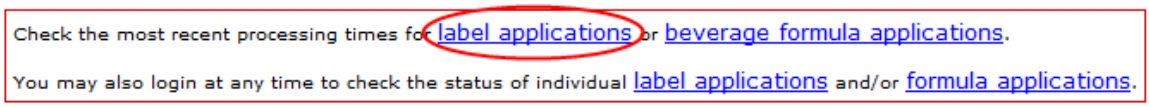
What's New in COLAs Online 3.10.1 (Industry Members)

December 10, 2013

The following enhancements in functionality and interface are included in Version 3.10.1 of the COLAs Online system:

- **Label Processing Times** – You may now view the current COLA label processing times by selecting the label applications link available on the TTB Online Portal page.

Label Applications Link on TTB Online Portal Page



In addition, you may hear current COLA label processing times by contacting ALFD Customer Service at 1-866-927-ALFD (2533) and pressing Option 4 for Malt Beverage/Distilled Spirit Labeling and Formulation or Option 6 for Wine Labeling. You may also hold for technical assistance after hearing the COLA label processing times.

- **Date Field Validation Error** – You may not enter an invalid date field value in any date field. If the date field value is not in the MM/DD/YYYY format, an error message displays when COLAs Online validates.

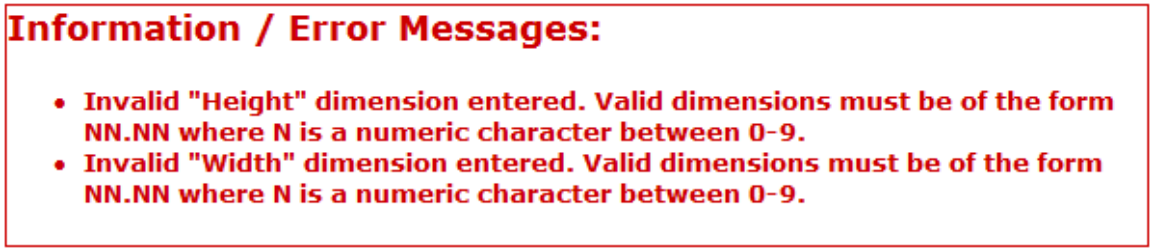
Date Field Validation Error

- **Selection of State for Exemption Disabled for Import** – You may not select a state for a Certificate of Exemption from Label Approval if the Source of Product is "Imported." The state drop-down list is disabled when "Imported" is selected as the Source of Product.

Selection of State for Exemption Disabled for Import

- **Label Image Dimensions Validation** – You may not enter invalid label image dimensions (width and height). If the label image dimensions are not numeric characters between 0-9 in **NN.NN** format (where **N** is a number), and error message displays when COLAs Online validates.

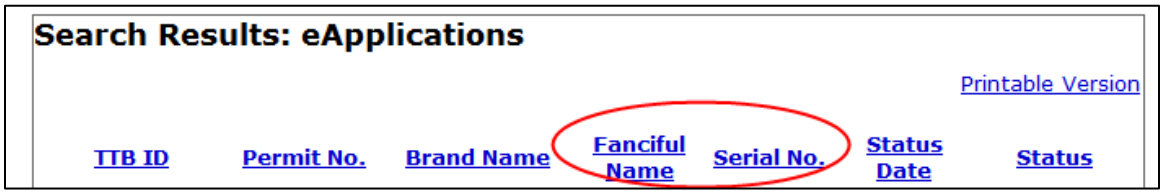
Label Image Dimensions Validation



- **Sort Columns for the Home: My eApplications and Search Results: eApplications Pages** – You may now sort applications in the Home: My eApplications and the Search Results: eApplications pages by "Fanciful Name" and "Serial No."

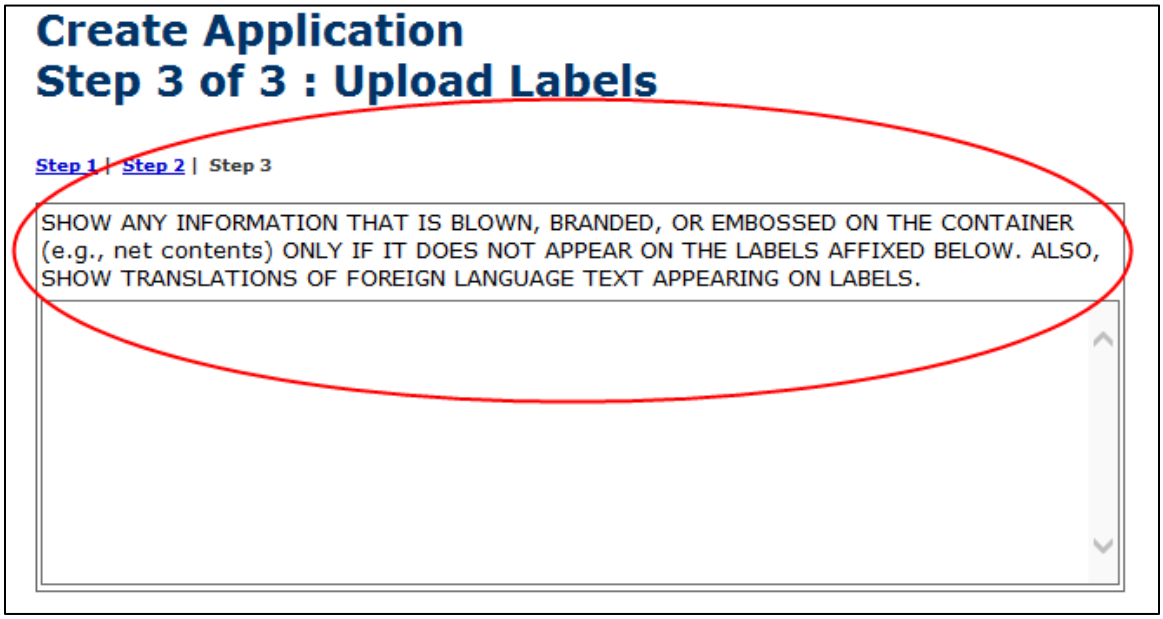
Sort Columns for the Home: My eApplications

Sort Columns for the Search Results: eApplications Page



- **Updated Instructions for the Create Application Step 3 of 3: Upload Labels Page** – You may now view updated instructions for the Create Application Step 3 of 3: Upload Labels page.

Updated Instructions for the Create Application Step 3 of 3: Upload Labels Page



- **Net Contents are blown into the Bottle Disabled** – You may now no longer select whether or not Net Contents are blown into the Bottle on the Create Application Step 2 of 3: COLA Information page when creating an e-Application in COLAs Online. In addition, you may no longer view whether or not Net Contents are blown into the Bottle on the Verify Application and Application Detail pages in COLAs Online.
