Attn: Notice #41

Dear Chief:

Current federal alcohol beverage label regulations do not allow most beer, wine and distilled spirits companies to provide information about their products so that consumers can make informed choices about what to drink and how much to drink. I commend TTB for seeking public comment on this proposed change in the regulations.

All food, non-alcoholic beverages, and medications provides basic consumer facts about the product on the label. I hope that the TTB will allow beverage alcohol companies to voluntarily put labels on their products.

Consumers want this information and the industry wants to provide it.

Thank you for your consideration.

Sincerely,

Jackie Dingfelder  
State Representative
