Support for American Viticultural Areas in Santa Monica Mountains

To whom it may concern,

I am writing this letter in regards to support Malibu Family Wines located at 32111 Mulholland Highway, Malibu, CA 90265 in seeking approval of the American Viticultural Area. I have seen their vineyard located in the Santa Monica Mountains and believe they have the proper requirements of the AVA. I believe the quality and their reputable status as a winery can contribute to the economic structure of the city. Please consider AVA approval for this establishment.

Sincerely,

Mutia Amang
