

Permits Online

Edit my application information if I accidentally submitted my application?

Once you submit an Application you no longer have access any of the information within the application. If you have a substantial amount of information missing you will need to call or email the Permits Online Helpdesk, 1-855-882-7665 or email permits.online@ttb.gov, to request the application be withdrawn. You will then start the application process over.
