New Tutorial Available at TTB.gov: Specially Denatured Alcohol/Completely Denatured Alcohol

We are pleased to offer our new tutorial for [Specially Denatured Alcohol/Completely Denatured Alcohol](#). This tutorial is designed to help industry members better understand TTB's requirements on the use of specially denatured alcohol and completely denatured alcohol.

This tutorial walks you through the steps and requirements for correctly completing [TTB F 5150.19, Formula and/or Process for Articles Made with Specially Denatured Alcohol](#). It also includes definitions of key terms, as well as relevant regulatory references. In addition, the tutorial is topic-based for easy navigation, with similar information grouped under a general heading.

NOTE: This tutorial will benefit you as an industry member, regardless of whether you file the paper form or submit it electronically. However, the most efficient way to submit this form is electronically using [Formulas Online](#) which may help with faster processing and better accuracy.

We welcome your feedback on our new tutorial; please send your comments to TTBWebmaster@ttb.gov.

See our other tutorials at the [TTB Learning Center](#).
