Tax Audit Division Organization
Professional Audit Standards

• Our audits are conducted in accordance with auditing standards that incorporate Generally Accepted Government Auditing Standards (“Yellow Book”) published by the U.S. Government Accountability Office (GAO).

• Our audits focus on promoting voluntary compliance by partnering with industry members using a “no surprises” approach to provide a value-added service for both the industries and TTB.
TTB Audit Process

- Risk Analysis
- Audit Schedule
- Audit Planning
- Audit Fieldwork
- Reporting Audit Results
Planning the Audit

Taxpayer Information Request List

A Taxpayer Information Request List may include requests for the following information:

• Sales register in electronic format (e.g. Excel, Access)
• Tax computation files
• Tax-free registration
• Support for tax-free and tax-exempt sales
• Support for eligible adjustments
• Support for claims for credit
Planning the Audit
Taxpayer Information Request List (Continued)

• Sales catalogs and price lists
• Federal Firearms Licenses
• ATF “Bound Book”
• Chart of accounts, general ledger, financial statements, bank statements
• Corporate income tax and sales tax returns
• Internal records such as organization charts, written internal control procedures, and corporate minutes
Audit Fieldwork

- Opening conference and tour of the operation
- Interview subject matter experts, including accounting and/or government compliance personnel
- Review of records and testing of transactions
- Assess or evaluate the effectiveness of applicable internal controls
- Identification of audit issues or findings
Audit Fieldwork (Continued)

• For a full scope audit, a typical audit team is an auditor-in-charge plus one or two staff auditors, onsite for two weeks.

• After onsite fieldwork, audits usually continue from the auditors’ home offices. More onsite fieldwork can be necessary, especially if taxpayers are not providing needed info.

• Limited scope desk reviews may require no onsite work.
Audit Fieldwork
(Continued)

Records ("Audit Trail") – We must be able to verify that all sales and uses subject to FAET have been reported at the correct price and any reductions (tax-free or exempt, eligible adjustments, and claims for credit) are properly calculated and supported:

- FAET Returns
- Summary records and reports
- Daily transaction records
- Verify completeness of above with sales register
Reporting Audit Results

• Management Letter to industry member
  o Tax Adjustments
  o Compliance Violations
  o Internal Control Weaknesses

• Written response from industry member (if any)

• Audit Report (internal TTB)
Common Audit Findings

Some examples of common TTB audit findings include:

- Failure to file tax returns
- Failure to pay tax
- Late tax returns and/or payments
- Not reporting all sales and uses on line 8
- Reporting nontaxable articles sold separately on line 8, usually with a deduction later on the return
- Reporting activity related to prior period sales on lines 8 through 16 of the tax return (especially: netting product returns against current period sales on line 8)
Common Audit Findings (Continued)

- Disallowed freight deduction due to not using actual costs or not having support
- Disallowed freight deduction due to not using a relative weight method or other approved method
- Disallowed nontaxable articles deduction due to obsolete or incorrect cost data or lack of support
- National Firearms Act sales – treating them as tax-exempt without paying the transfer tax or excluding them from the return entirely
- Failure to obtain a tax-free registration
- Lack of adequate support for tax-free or exempt sales
How to Prepare for Your Next TTB Excise Tax Audit

• Timely pay your Federal excise taxes and timely file your Returns!
• Be aware of and follow the laws and regulatory requirements.
• Audit yourself.
