Chrome and Safari No Longer Compatible Browsers for Permits Online

Due to a recent change made to Chrome and Safari, they are no longer acceptable browsers for Permits Online. The Permits Online site requires the use of the browsers Internet Explorer or Firefox. You MUST install AND enable the Microsoft Silverlight plug-in to use this site.
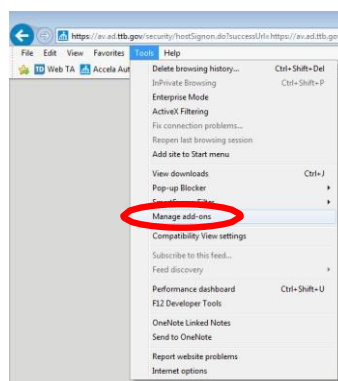

Instructions for Enabling the Microsoft Silverlight Plug-In

From your internet toolbar:

- Select "Tools"

- Select "Manage add-ons"

- Select "Microsoft Silverlight"
- The status should show "Enabled" (if not, select the "Enable" button)
