

burdens on a substantial number of small entities.

Accordingly, it is hereby certified under the provisions of section 3 of the Regulatory Flexibility Act (5 U.S.C. 605(b)) that this final rule, will not have a significant economic impact or impose compliance burdens on a substantial number of small entities.

#### Executive Order 12291

It has been determined that this final rule is not classified as a "major rule" within the meaning of Executive Order 12291, 46 FR 13193 (1981), because it will not have an annual effect on the economy of \$100 million or more; it will not result in a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographical regions; and it will not have significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of the United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

#### Paperwork Reduction Act

The provisions of the Paperwork Reduction Act of 1980, Pub. L. 96-511, 44 U.S.C. Chapter 35, and its implementing regulations, 5 CFR, Part 1320, do not apply to this final rule because no requirement to collect information is proposed.

#### Miscellaneous

ATF does not wish to give the impression by approving "The North Fork of Long Island" as a viticultural area that it is approving or endorsing the quality of the wine derived from this area. ATF is approving this area as being distinct and not better than other areas. By approving this area, wine producers are allowed to claim a distinction on labels and advertisements as to the origin of the grapes. Any commercial advantage gained can only come from consumer acceptance of wines from "The North Fork of Long Island."

9.113 North Fork of Long Island.

**Par. 3.** Subpart C, is amended by adding § 9.113 to read as follows:

#### Subpart C—Approved American Viticultural Areas

##### § 9.113 North Fork of Long Island.

(a) *Name.* The name of the viticultural area described in this section is "North Fork of Long Island."

(b) *Approved maps.* The appropriate maps for determining the boundaries of the "North Fork of Long Island" viticultural area are 5 U.S.G.S. maps. They are entitled:

(1) Wading River, N.Y., 7.5 minute series, scaled at 1:24,000 edition of 1967.

(2) Riverhead, N.Y., 7.5 minute series, scaled at 1:24,000, edition of 1956.

(3) New York, N.Y.; N.J.; Conn., U.S., 1:250,000 series, scaled at 1:250,000, edition of 1960, revised 1979.

(4) Providence, R.I.; Mass.; Conn., N.Y., U.S., 1:250,000 series, scaled at 1:250,000, edition of 1947, revised 1969.

(5) Hartford, Conn.; N.Y.; N.J.; Mass., U.S., 1:250,000 series, scaled at 1,250,000, edition of 1962, revised 1975.

(c) *Boundaries.* The boundaries of the proposed viticultural area are as follows: The North Fork of Long Island viticultural area is located entirely within eastern Suffolk County, Long Island, New York. The viticultural area boundaries consist of all of the land areas of the North Fork of Long Island, New York, including all of the mainland, shorelines and islands in the Townships of Riverhead, Shelter Island, and Southold.

(1) The point of beginning is on the Wading River, N.Y., 7.5 minute series, U.S.G.S. map at the northern boundary of the Brookhaven/Riverhead Township line on the Long Island Sound (approximately 500 feet east of the mouth of the Wading River);

(2) The boundary goes south on the Brookhaven/Riverhead Town line for approximately 6.5 miles until it meets the Peconic River approximately 1 mile

east of U.S. Reservation Brookhaven National Laboratory;

(3) Then the boundary travels east on the Peconic River (Brookhaven/Riverhead Town line) for 2.7 miles until it meets the Riverhead/Southampton Township line on the Riverhead, N.Y., U.S.G.S. map;

(4) It then goes east on the Riverhead/Southampton Township line for 4.2 miles until it reaches an area where the Peconic River widens north of Flanders;

(5) Then the boundary proceeds east to Orient Point then west along the shoreline, beaches, islands, and mainland areas of the North Fork of Long Island, described on the "New York," "Providence," and "Hartford" U.S.G.S. maps until it reaches the Brookhaven/Riverhead Township line at the point of beginning. These boundaries consist of all the land (and isolated islands including without limitation, Wicopesset Island, Robins Island, Fishers Island, Great Gull Island, Plum Island, and Shelter Island) in the Townships of Riverhead, Shelter Island, and Southold.

#### 27 CFR Part 9

[T.D. ATF-238; Ref. Notice No. 593]

#### Bell Mountain Viticultural Area

**AGENCY:** Bureau of Alcohol, Tobacco and Firearms, Treasury.

**ACTION:** Final rule; Treasury decision.

**SUMMARY:** The Bureau of Alcohol, Tobacco and Firearms (ATF) has decided to establish a viticultural area in Texas to be known as "Bell Mountain." This decision is the result of a petition submitted by Mr. Robert P. Oberhelman, a grape grower in the area. The establishment of viticultural areas and the subsequent use of viticultural area names as appellations of origin in wine labeling and advertising enables winemakers to label wines more precisely and helps consumers to better identify the wines they purchase.

**EFFECTIVE DATE:** November 10, 1986.

**FOR FURTHER INFORMATION CONTACT:** Mr. Steve Simon, FAA, Wine and Beer Branch, Bureau of Alcohol, Tobacco and Firearms, 1200 Pennsylvania Avenue.

NW., Washington, DC 20226, (202-566-7626).

#### SUPPLEMENTARY INFORMATION:

##### Background

ATF regulations in 27 CFR Part 4 provide for the establishment of definite viticultural areas. The regulations also allow the name of an approved viticultural area to be used as an appellation of origin on wine labels and in wine advertisements.

Part 9 of 27 CFR provides for the listing of approved American viticultural areas, the names of which may be used as appellations of origin.

Section 4.25a(e)(1), Title 27 CFR, defines an American viticultural area as a delimited grape-growing region distinguishable by geographical features. Section 4.25a(e)(2) outlines the procedures for proposing an American viticultural area. Any interested person may petition ATF to establish a grape-growing region as a viticultural area.

##### Petition

ATF received a petition from Mr. Robert P. Oberhelman, president of Oberhellmann Vineyards, proposing an area in Gillespie County, Texas, as a viticultural area to be known as "Bell Mountain." The area contains about 5 square miles and is located along the southern and southwestern slopes of Bell Mountain, about 15 miles north of Fredericksburg, Texas. The area's winegrape acreage consists of about 45 acres on two vineyards. There is one bonded winery operating within the area.

##### Notice of Proposed Rulemaking

In response to the petition, ATF published a notice of proposed rulemaking, Notice No. 593, in the *Federal Register* on Tuesday, June 3, 1986 (51 FR 19854). That notice proposed establishment of the "Bell Mountain" viticultural area and solicited public comment concerning the proposal.

No comments have been received. Therefore, this document establishes the "Bell Mountain" viticultural area without change from the proposal in Notice No. 593.

##### Name of the Area

The following evidence, submitted by the petitioner, establishes that the new viticultural area is known by the name of "Bell Mountain":

(a) The mountain on which the viticultural area is located was first given the name "Bell Mountain" by early settlers of the area in the mid nineteenth century.

(b) The mountain has been labeled with this name on maps of the U.S. Geological Service since 1885, when the first such map was published for the area. At an elevation of 1,956 feet, Bell Mountain is the highest point in the local area.

##### Geography of the Area

The following evidence shows that the new viticultural area is distinguished geographically from the surrounding areas:

(a) To the north and northeast, the area is distinguished by the steepness of the mountain slopes outside the boundaries of the area. Further, soil conditions outside the area preclude viticulture on those other slopes of Bell Mountain. The petition states: "The granite protrudes through the ground surface profusely on the Peak's northern slope, therefore making tillage impossible. For this reason, only the slopes to the south and southwest are included in the boundary of the proposed Viticultural Area."

(b) In other directions, the viticultural area is distinguished by soil types and by the topographical limits of the slopes of Bell Mountain. With respect to soil, the petition states as follows:

The soils within the boundaries of the proposed Viticultural Area are identified on the map as "pp-Pedernales-Pontotoc Association". The description reads "Non-Calcareous, sandy, loam soils, with light sandy clay subsoil. Udic Palenstalfs; Typic Rhodustalfs". These soils are unique in the general area referred to as the "Hill Country" or the Edwards Plateau in that they are slightly acid, whereas most of the soils are calcareous, or lime-bearing.

In support of this statement, the petitioner submitted a copy of a soil map from the book, *Eastern Hill Country Resource Conservation & Development Project*, published by the U.S. Department of Agriculture in 1968. This map shows that the proposed viticultural area boundaries correspond approximately to the limits of the area with soils of the Pedernales-Pontotoc Association. This is the only occurrence of these soils shown anywhere on that map.

(c) In addition, the petition states that "The area is drier than the Pedernales valley to its south and the Llano valley to its north. It is also cooler due to its elevation, and constant breezes."

##### Boundaries of the Area

The boundaries of the "Bell Mountain" viticultural area may be found on one U.S.G.S. map of the 7.5 minute series, titled Willow City Quadrangle. The boundaries are

described in new § 9.55, as added by this Treasury decision.

##### Miscellaneous

ATF does not want to give the impression by approving "Bell Mountain" as a viticultural area that it is approving or endorsing the quality of the wine from this area. ATF is approving this area as being distinct but not better than other areas. By approving this area, ATF will allow wine producers to claim a distinction on labels and advertisements as to the origin of the grapes. Any commercial advantage can only come from consumer acceptance of "Bell Mountain" wines.

##### Regulatory Flexibility Act

The provisions of the Regulatory Flexibility Act relating to a final regulatory flexibility analysis (5 U.S.C. 604) are not applicable to this final rule, because it will not have a significant economic impact on a substantial number of small entities. The final rule is not expected to have significant secondary or incidental effects on a substantial number of small entities. Further, the final rule will not impose, or otherwise cause, a significant increase in the reporting, recordkeeping, or other compliance burdens on a substantial number of small entities.

Accordingly, it is hereby certified under the provisions of section 3 of the Regulatory Flexibility Act (5 U.S.C. 605(b)) that this final rule will not have a significant economic impact on a substantial number of small entities.

##### Executive Order 12291

In compliance with Executive Order 12291 of February 17, 1981, the Bureau has determined that this final rule is not a major rule, since it will not result in:

(a) An annual effect on the economy of \$100 million or more;

(b) A major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographical regions; or

(c) Significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

##### Paperwork Reduction Act

The provisions of the Paperwork Reduction Act of 1980, Pub. L. 96-511, 44 U.S.C. Chapter 35, and its implementing regulations, 5 CFR Part 1320, do not apply to this final rule, because no

requirement to collect information is imposed.

**Par. C.** Subpart C of 27 CFR Part 9 is amended by adding § 9.55, which reads as follows:

**§ 9.55 Bell Mountain.**

(a) *Name.* The name of the viticultural area described in this section is "Bell Mountain."

(b) *Approved map.* The appropriate map for determining the boundaries of the Bell Mountain viticultural area is one U.S.G.S. map, titled: Willow City Quadrangle, 7.5 minute series, 1967.

(c) *Boundary—(1) General.* The Bell Mountain viticultural area is located in Gillespie County, Texas. The starting point of the following boundary description is the summit of Bell Mountain (1,956 feet).

(2) *Boundary Description—(i)* From the starting point, the boundary proceeds due southward for exactly one half mile;

(ii) Then southeastward in a straight line to the intersection of Willow City Loop Road with an unnamed unimproved road, where marked with an elevation of 1,773 feet;

(iii) Then generally southward along Willow City Loop Road (a light-duty road) to Willow City.

(iv) Then continuing southward and westward along the same light-duty road to the intersection having an elevation of 1,664 feet;

(v) Then continuing westward along the light-duty road to the intersection having an elevation of 1,702 feet;

(vi) Then turning southward along the light-duty road to the intersection having an elevation of 1,736 feet;

(vii) Then turning westward along the light-duty road to the intersection having an elevation of 1,784 feet;

(viii) Then turning southward and then westward, following the light-duty road to its intersection with Texas Highway 16, where marked with an elevation of 1,792 feet;

(ix) Then due westward to the longitude line 98° 45';

(x) Then northward along that longitude line to a point due west of an unnamed peak with an elevation of 1,784 feet;

(xi) Then due eastward to the summit of that unnamed peak;

(xii) Then in a straight line eastward to the intersection of an unnamed unimproved road with Texas Highway 16, where marked with an elevation of 1,822 feet;

(xiii) Then following that unnamed road, taking the right-hand fork at an intersection, to a point due west of the summit of Bell Mountain;

(xiv) Then due eastward to the summit of Bell Mountain.

BILLING CODE 4810-31-M

**DEPARTMENT OF DEFENSE**

**Department of the Navy**

**32 CFR Part 706**

**Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972; Amendment**

**AGENCY:** Department of the Navy, DOD.

**ACTION:** Final rule.

**SUMMARY:** The Department of the Navy is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Secretary of the Navy has determined that USS CAYUGA (LST 1186) and USS BOULDER (LST 1190) are vessels of the Navy which, due to their special construction and purpose, cannot comply fully with certain

provisions of the 72 COLREGS without interfering with their special functions as naval tank landing ships. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

**EFFECTIVE DATE:** September 26, 1986.

**FOR FURTHER INFORMATION CONTACT:** Captain P.C. Turner, JAGC, U.S. Navy, Admiralty Counsel, Office of the Judge Advocate General, Navy Department, 200 Stovall Street, Alexandria, VA 22332-2400, Telephone number: (202) 325-9744.

**SUPPLEMENTARY INFORMATION:** Pursuant to the authority granted in 33 U.S.C. 1605, the Department of the Navy amends 32 CFR Part 706. This amendment provides notice that the Secretary of the Navy has certified that USS CAYUGA (LST 1186) and USS BOULDER (LST 1190) are vessels of the Navy which, due to their special construction and purpose, cannot comply fully with 72 COLREGS, Annex I, section 3(a), pertaining to the placement of the after masthead light and the horizontal distance between the forward and after masthead lights, without interfering with their special function as Navy ships. The Secretary of the Navy has also certified that the aforementioned lights are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on these vessels in a manner differently from that prescribed herein will adversely affect the ships' ability to perform their military functions.
