Permits Online

What's New in Permits Online 5.2 for Industry Members

Release Date: March 2019

The following enhancements in functionality and interface are included in the new version of the Permits Online system:

1. **Records Display:**
   Record details display differently in the new version. Select the "Record Info" drop-down to view the following menu options:
   - Record Details
   - Processing History
   - Related Records
   - Supporting Documents and Attachments

Record Info

2. **Resume Application**:
   The upgrade offers a new feature that allows you to "Pick up where I left off" or "Start from the beginning" on applications within the Application Package that have been placed in a Save and Resume status.
