Dear Sir/Madam:

RE: TTB Notice Number Four

The retailers of Pensacola are hard working individuals that do not deserve to be put out of business. The new regulations that the TTB has introduced on flavored malt drinks will cause great devastation among the retailers. Regulatory power should not be used to crush our stores or people's jobs.

Past research has proven that the excise tax revenue is in no immediate danger. However, that is not stopping the TTB from causing severe damage to the economy. Please don't allow the TTB to pass the new regulations. I urge you to support the people of this city and the nation by objecting to negative policies. Thank you for your consideration.
Sincerely yours.
