Re: Notice No. 41 –Information on alcohol beverages

This letter is in response to the TTB advance notice of proposed rulemaking concerning the disclosure of consumer related information on beverage alcohol labels. The purpose of this writing is to clarify the position of the Division.

The Colorado Liquor Enforcement Division (Division) remains neutral concerning this matter. The Division is indifferent as to the advantages or disadvantages concerning this proposal and therefore remains neutral.

I appreciate the opportunity to clarify our position and look forward to your ruling in the near future.

Respectfully submitted,
