

FORMULATION SEMINAR FORMULATION SEMINAR

The seminar has reached capacity. No additional reservations can be accepted. We will plan a second seminar for those who could not be accommodated at this one.

Are you a producer of beverage alcohol products or nonbeverage products and want to know more about how to obtain your formula approval more quickly?

Do you wish you understood the submission process more thoroughly?

Do you want to know more about how the various parts of TTB work together to process formulas?

Everything you need to know about beverage and nonbeverage formula submissions:

A joint seminar of TTB's Formula Team and Nonbeverage Products Laboratory

**TTB National Laboratory Center
6000 Ammendale Road, Beltsville, MD 20705
Wednesday, May 3, 2006
9:00 am – 5:00 pm**

Topics will include:

- Nonbeverage products defined
- Formula approval process and sample formulas
- Tips on what to submit and how to submit it
- How to make your nonbeverage product approvable by TTB
- Beverage alcohol formula examples
- Tips on information to provide to expedite the approval process
- Information that is required from your flavor supplier

To participate in this valuable seminar, you must reserve a spot. Because of TTB security, you must reserve ahead of time.

Please send an e-mail identifying who will attend from your company to either Lakisha.Bryant@ttb.gov or Michelle.Williams-Ellerbe@ttb.gov by April 26, 2006.
