Craft Beverage Modernization Act

CBMA

- The following CBMA provisions related to beer were made “permanent” in December 2020:
 - CBMA reduced tax rates in effect since 2018
 - Transfer of beer in bond between breweries of different ownership

Note: To take the lower tax rate the brewer must have **produced** and removed the beer

Records, Reports & Returns

Records

Operational
Report

Excise Tax
Return

Recordkeeping Basics

- Brewers are required to:
 - maintain daily records that capture brewery operations
 - enter required daily transactions by the close of the next business day
 - maintain records at the brewery and make them available at the brewery
 - retain required records for 3 years
- If certain requirements are met, electronic records may be retained on equipment located off the brewery premises

27 CFR 25.291 & 25.300

Daily Records of Operations

- Most frequently used records:
 - Raw materials received (those used for beer production)
 - Beer produced by fermentation
 - Beer transferred to/from packaging (bottling and/or racking)
 - Beer packaged (bottled and/or racked)
 - Beer removed for consumption or sale – beer transferred to serving/tax-determined tanks, or packaged and transferred to a cooler/taxpaid storage
 - Beer returned to the brewery
 - Beer lost due to breakage, theft, or destroyed

27 CFR 25.292(a)(1) – (19)

Daily Summary Records

- Each day, brewers must summarize a few of the daily records:
 - Beer packaged (bottled and/or racked)
 - Beer removed for consumption or sale
 - Beer returned to the brewery from which removed
 - Beer returned after removed from another brewery owned by the brewer
 - Brewing materials, beer in process, and finished beer on hand
- You may maintain daily summary records on the associated daily records

27 CFR 25.292(b)(1) – (6)

Inventory Records

- You are required to take a physical inventory every month
- It may be taken within 7 days of the end of the month
- It must include the following information
 - Date taken
 - Quantity of beer on hand
 - Losses, gains, shortages
 - Signature under penalty of perjury

27 CFR 25.294

Common Issues: Loss vs. Shortage

- **Loss:** beer that is lost due to a known event like breakage, spillage or theft
 - Losses are NOT taxed
- **Shortage:** unexpected missing quantity of beer that is disclosed by physical inventory count
 - Shortages MAY be taxed
 - Brewer must submit a claim and provide a plausible explanation for the shortage, identify/address defects, or tax may be assessed

27 CFR 25.281- 25.284, 25.292(a)(16)

Common Issues: Recording Beer Destructions

- Destructions **on brewery premises**
 - Beer that is **not tax paid or tax determined**
 - Note the batch record or prepare a destruction record as detailed in §25.225
 - Prior notice and reporting is **not required** as per §25.221
 - Beer that **is tax paid or tax determined**
 - Prepare a destruction record as detailed in §25.225
 - May file a claim for credit of taxes paid

27 CFR 25.292(a)(14) & 25.221–25.225

Common Issues: Recording Beer Destructions (Cont.)

- Destructions **off brewery premises**:
 - Submit Notice of Intent of Destruction on brewery letterhead and fax it to the NRC: (202) 453-2979
 - For credit on taxes paid, within 6 months show as adjustment on the tax return and/or file a claim

27 CFR 25.292(a)(14) & 25.221–25.225

Common Issues: Recording Returns

- Removed from/returned to same brewery:
 - Take an offset against that day's removals
- Removed from/returned to a different brewery, same ownership:
 - May file a claim for refund of tax or make a decreasing adjustment on the tax return – but may not take an offset

27 CFR 25.212, 25.213, 25.292(a)(12) & (13)

Beer Barrel Equivalency

- Barrels are the standard unit for tax and reporting
- 1 barrel = 31 gallons

Beer Barrel Equivalency (Cont.)

- Computation of taxable removals:
 - **Kegs:** use the barrel equivalency table found in [27 CFR 25.156](#)
 - **Bottles and cans:** use the barrel equivalency tables found in [27 CFR 25.158](#)
 - **Other sizes,** the brewer shall notify the NRC in advance and request to be advised of the fractional barrel equivalents

Beer Barrel Equivalency (Cont.)

- **Example:** Barrel equivalent factor for $24/12 = 0.07258$ per 25.158
 - 24 oz. bottles
 - 12 bottles per case
 - 75 cases removed $\times 0.07258 = 5.4435$ beer barrels
 - Use 5.44 beer barrels to compute tax
- You must compute to 5 decimal places on removal records
 - The sum of the quantities computed for any one day will be rounded to 2 decimal places and the tax will be calculated and paid on the rounded sum

Operational Report

- Reports are due the 15th day following the close of the reporting period
- File quarterly if your tax liability does not exceed \$50,000 in the current or prior calendar year
- File monthly if your tax liability is more than \$50,000 in the current or prior a calendar year
- There is no annual filing option for reports

You must file a report even if there was no activity during period

Common Issues with Operational Reports

- Failing to start filing TTB F 5130.9 monthly when your taxes for the year go over \$50,000
- Counting beer that has already been taxpaid/removed (e.g., sold in a tap room or for use in a brew pub) in the “on hand” beginning and end of period figures
- Entering your Permits Online ID number instead of your brewery number (starts with BR and can be found on your Brewer’s Notice)

Notice to Customers Making Payment by Check

If you send us a check, it will be converted into an electronic funds transfer (EFT). This means we will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will usually occur within 24 hours, and will be shown on your regular account statement.

You will not receive your original check back. We will destroy your original check, but we will keep the copy of it. If the EFT cannot be processed for technical reasons, you authorize us to process the copy in place of your original check. If the EFT cannot be completed because of insufficient funds, we may try to make the transfer up to 2 times.

Notice to Customers Making Payment by Check
 If you send us a check, it will be converted into an electronic funds transfer (EFT). This means we will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will usually occur within 24 hours, and will be shown on your regular account statement. You will not receive your original check back. We will destroy your original check, but we will keep the copy of it. If the EFT cannot be processed for technical reasons, you authorize us to process the copy in place of your original check. If the EFT cannot be completed because of insufficient funds, we may try to make the transfer up to 2 times.
