# Importer Claims System

## myTTB System User Guide

November 28, 2023

The purpose of this guide is to provide step-by-step instructions for importer representatives to review and manage assigned Craft Beverage Modernization Act (CBMA) tax benefits and submit refund claims to the Alcohol and Tobacco Tax and Trade Bureau (TTB).

- Access the CBMA Importer Claims system
- Review assignments
- Review entry summary lines
- Prepare claim
- Review and submit prepared claim
- View submitted claim
- Resubmit a claim if payment is canceled
- Return an assignment
- Appendix A – Types of Entry Summary Line Errors and Resolutions
- Appendix B – Resources

NOTE: All information shown in the following screens is for demonstrative purposes only and is not meant for actual use. In addition, there may be minor differences between the sample screens shown in this guide and actual screens in the myTTB system. TTB regulatory requirements are available at 27 CFR Part 27, Subpart P.

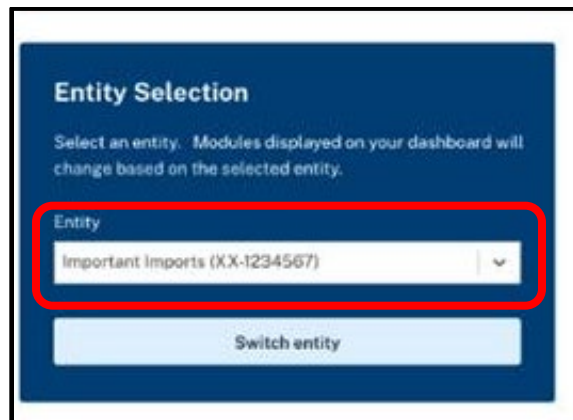

## Access the CBMA Importer Claims System

Importers must activate their entity in myTTB before they can access the CBMA Importer Claims System and file refund claims. Individual users may be granted access to importer permits within the Importer Claims System in either a “Preparer” or a “Submitter” role. See “[Activate Your Entity in myTTB](#),” and “[Entity Managers and User Management in myTTB](#).”

Preparing and submitting a claim through myTTB is a multi-step process. A user in a “Preparer” role can prepare the claim and have another user in a “Submitter” role review the prepared claim, select a refund method, and submit the claim to TTB. Or, a user in a “Submitter” role can perform all steps themselves. Submitters can also return an assignment to the Foreign Producer.

When you are logged into the CBMA Claims module as a Preparer or Submitter, you will be able to toggle between permit numbers that you are authorized to access.

1. Go to your main myTTB page and scroll to the **Entity Selection** tile. Use the drop down to select the entity (company/Employer Identification Number (EIN)) that you would like to work on.

- Once you have selected the correct entity, you will see the CBMA Importer Claims card on this myTTB dashboard as long as you have been authorized to access the CBMA Importer Claims system for one or more permits linked to that entity. Select **CBMA Importer Claims**.

The screenshot shows the myTTB dashboard interface. On the left, there is an 'Entity Selection' panel with a dropdown menu set to 'Important Imports (XX-1234567)' and a 'Switch entity' button. To the right, there is a section for 'Important Imports (XX-1234567)' with an 'Entity Manager' role and a 'Manage entity' button. Below this is a 'Quick Links' section with several links. The main area is titled 'Modules' and contains two cards: 'CBMA Importer Claims' and 'Foreign Producer'. The 'CBMA Importer Claims' card is highlighted with a red border and contains a blue button with the same text. The 'Foreign Producer' card also has a blue button.

- You will be directed to the CBMA Importer Claims screen.

The screenshot shows the breadcrumb 'myTTB Dashboard > CBMA Importer Claims' and the main heading 'CBMA Importer Claims' in a large, bold font.

- Verify that you are in the correct entity account by confirming the name and EIN of the company.

The screenshot shows the 'Entity Information' section with the text 'The information on this page reflects the entity you've selected on your myTTB dashboard.' Below this, the entity name 'Important Imports (XX-1234567)' is displayed in a bold font, and a 'Switch entity' button is located below it. Both the entity name and the button are highlighted with a red border.

If you are not in the correct entity account, select **Switch entity** to return to your main myTTB page.

## Review Assignments

1. Scroll down to the CBMA Assignments Summary section to review your assignments. In this section, you will be able to view tax benefits that foreign producers have assigned to the entity.

**NOTE:** You will see all assignments related to all permits for which you have access. You can use the Import year and Assignment status drop downs to filter the assignments you can see in the table. You can also use the Search function to search for specific assignments.

### CBMA Assignments Summary

Important Imports (XX-1234567)

Claim information in myTTB is displayed by calendar year quarter and is based on (1) the tax benefit assignments that your Foreign Producers submit in myTTB and (2) CBMA-related information submitted with your entry and entry summary filings in ACE.

Note: Claims can only be filed after the close of each calendar quarter, for any entries in that quarter. For example, claims for January through March consumption entries can be filed in April.

**NOTE:** If a foreign producer has assigned you a greater quantity of tax benefits than you will use, or if a foreign producer has assigned you tax benefits in error, users in a “Submitter” role may return to the foreign producer all or a custom quantity of the tax benefits assigned. For instructions on how to return an assignment, see page 28.

**NOTE:** If you have no assignments available, you will see the message below. If you expected to have assignments but see this message, contact your foreign producer to confirm they have submitted the assignment to the correct importer permit number through the myTTB Foreign Producer Registration and Assignment system.

## Review Entry Summary Lines

Entry summary lines associated with a permit number can be reviewed in the Review Entry Summary Lines screen. myTTB automatically displays the entry summary lines that were marked for an expected CBMA refund claim using the “C” flag indicator in CBP’s Automated Commercial Environment (ACE).

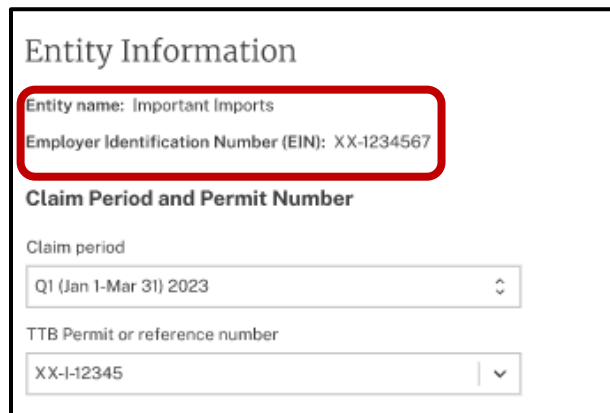

1. Go to the CBMA Importer Claims screen.

2. Scroll down to the Review Entry Summary Lines section and select **Review entry summary lines**.

3. Verify that you are in the correct entity account by confirming the name and EIN of the company.

- Use the drop down to select the Claim period and TTB Permit number you would like to review.

**NOTE:** You will see the table below when there are available entry summary lines associated with a permit that need to be corrected. The error listed in the Error column will display the first error identified within an entry summary line. However, the displayed error may not be the only error so it is important to review all of the entry summary line data and correct additional errors, if needed. These entry summary lines need to be corrected before they will appear in the Entry Summary Lines Available for Claim table. If you have received a valid foreign producer assignment for these imported products, these errors can generally be resolved by fixing incorrect data elements in ACE through a post-summary correction. See Appendix A – Types of Entry Summary Line Errors and Resolutions.

**NOTE:** If an entry summary line is not displayed in either the Entry Summary Lines Available for Claim or the Entry Summary Lines to Correct table, confirm that you marked the entry with the claim indicator “C” and provided the correct TTB importer permit number in ACE. See Appendix B – Resources.

If you are unable to correct an entry summary line in ACE or resolve a missing entry summary line so it is displayed in the Entry Lines Available for Claim table, you may need to file your claim through the manual claims process. For more information see [Industry Circular 2023-1](#).

## Prepare Claim

1. Submitters and Preparers follow the same steps to prepare a claim. To begin preparing a claim, go to the CBMA Importer Claims screen.

2. Scroll down to the Prepare Claim section and select **Prepare claim**.

A screenshot of the "Prepare Claim" section in a web application. The title "Prepare Claim" is at the top. Below it is a paragraph of text explaining that claim information is displayed by calendar year quarter and is based on tax benefit assignments and CBMA-related information. A note states that claims can only be filed after the close of each calendar quarter. Below the text is a section titled "Requirements to submit a claim" with a minus sign on the right. This section contains four bullet points: 1) You must have received an assignment from a Foreign Producer in myTTB for the calendar year of importation. 2) You must have used the "C" claim indicator in ACE to show that you expect to file a refund claim for part of the tax that you paid to CBP for one or more entry summary lines. 3) You must have filed in ACE for each entry summary line: your importer permit number, your Foreign Producer's TTB ID, and information about the type and quantity of tax benefits that were assigned to you. 4) You must have paid tax to CBP at the full tax rate. At the bottom of the page, there is a blue button with the text "Prepare claim" inside a red rectangular border.

3. Verify that you are in the correct entity account by confirming the name and EIN of the company.

**Prepare Claim**

To prepare a claim, select a permit or reference number, quarterly claim period, and the entry summary lines to be included in the claim. Once a claim has been prepared, it will need to be reviewed and submitted by a Submitter from your entity.

**NOTE:** myTTB automatically displays your entry summary line information from ACE. Claim information is displayed by calendar year quarter and is based on the tax benefit assignments that the foreign producer submits in myTTB and CBMA-related information submitted with your entry summary filings in ACE. Only summary lines that have passed TTB’s threshold validations that check for required information are displayed as available for claim. However, you must ensure that the data is correct before preparing a claim based on those summary lines.

If you have no assignments available, you will see the message below. If you had expected to have assignments but see this message, check the Review Entry Summary Lines table to see if corrections are needed or contact your foreign producer(s) and confirm that they have submitted assignments through myTTB to the correct importer permit number(s).

This prepared claim is now available for a Submitter to select a refund method, enter banking information, and submit the claim to TTB.

## Review and Submit Prepared Claim

Once a claim has been successfully prepared, a Submitter will receive an email that there is a prepared claim for review. The following instructions outline the steps a Submitter must complete to submit a claim. These steps can only be completed by a user who has been authorized as a Submitter. A Submitter must complete these steps even if the Submitter was the person who prepared the claim.

1. To review and submit a prepared claim, go to the CBMA Importer Claims screen.

2. Scroll down to the Submit Prepared Claims section. Select the prepared claim you would like to review by selecting **Review and Submit** in the Action column.

### Submit Prepared Claims

Important Imports (XX-1234567)

Prepared claims are not complete until a refund method has been selected and banking information has been added and the claim is submitted to TTB. Only Submitters for this entity can submit the claim.

Any prepared claims ready for submission will be displayed in the Submit Prepared Claims table.

**⚠ Prepared claim(s) available to review and submit**

Claims are available for Submitters to review and submit to TTB. TTB will not begin reviewing a claim until it has been submitted.

1. To view a submitted claim, go to the CBMA Importer Claims screen.

2. Scroll down to the Claim Submission Summary section. Select the submitted claim you would like to view by selecting **View**.

You can also use the Search box or Column header to filter your claim results and more easily find a specific claim(s).

**NOTE:** If you choose to filter by Claim Status, the following statuses will be shown.

- Received – The claim has been submitted and received by TTB for review.
- Awaiting assignment – TTB has received the claim and the claim is being assigned to a TTB employee for review.
- Assigned – The claim is being reviewed by a TTB employee.
- Approved for payment – The claim has one or more approved entry lines and is pending payment.
- Issuing payment – TTB is processing the payment for a claim with “approved for payment” status.
- Completed – This is the final status for a claim. Completed may mean that a payment was issued or the claim was rejected in full.
- Payment Canceled – Payment was returned to TTB due to incorrect direct deposit information or the check was returned to TTB by mail.

## Resubmit a Claim If Payment is Canceled

TTB may cancel payment of a refund for the following reasons:

- Direct deposit information was incorrect
- The check was returned by mail to TTB

In these situations, users will receive an email stating their payment has been returned. The user will then need to resubmit the claim for payment to be reissued. When resubmitting the claim, you will only be able to review and correct payment information. No other claim information can be changed in this process.

1. To resubmit a claim, go to the CBMA Importer Claims screen.

2. Scroll down to the Claim Submission Summary section and find the claim with a “Payment Canceled” status. Select **View**. You may also enter a claim number in the search box to find a specific claim.

# Return an Assignment

1. To return an assignment, go to your CBMA Importer Claim screen.

2. Scroll down to the CBMA Assignments Summary section. Select **Return** from the Action column for the assignment you want to return.

**NOTE:** Only Submitters can return an assignment.

The screenshot displays the 'CBMA Assignments Summary' page. It includes a search bar with filters for 'Import year' (2023) and 'Assignment status' (Assigned). Below the search bar is a table with columns: FP ID, FP Name, Permit / Reference #, FP Assignment, CBMA Tax Tier, and Action. The first row is highlighted, and the 'Return' button in the Action column is circled in red. Below the table, there are pagination controls and an 'Export' link.

If the assignment is returned successfully, you will receive a success message. The foreign producer will then be able to assign any returned tax benefits to a different importer.

**✔ Return successful**

You have successfully returned 1,000 wine gallons at the Wine - First 30,000 wine gallons CBMA tax tier.

You may no longer file a refund claim based on this quantity.

## APPENDIX A - Types of Entry Summary Line Errors and Resolutions

myTTB displays an importer's entry summary lines when CBMA tax benefit assignments from foreign producers match the importer's entry summary data filed in ACE.

Entry summary lines that contain error(s) will appear in the Entry Summary Lines to Correct table. Below is a list of common error types and how to correct them.

Note that the Entry Summary Lines to Correct table in myTTB will display the first type of error identified by the system even if the entry summary line contains multiple errors. Review the entire line and make all necessary corrections in ACE to ensure that the entry summary line will be available for claim submission.

1. Invalid Foreign Producer ID – The TTB Foreign Producer ID that you entered in ACE is not found in TTB's records. Review your list of assignments on the CBMA Assignments Summary table and update your ACE data with the correct ID.
2. Invalid import date – You did not provide an import date in ACE. The import date must match the calendar year of your CBMA tax benefit assignment. Update ACE with the correct import date.
3. No valid Foreign Producer assignment for permit – TTB does not have an assignment on file that matches the foreign producer, permit number, import year, and CBMA rate designation code. Review your list of assignments on the CBMA Assignments Summary table and update your ACE data with the correct information. Contact the foreign producer if you do not see an expected assignment on the CBMA Assignments Summary screen.
4. Invalid estimated tax amount – The estimated tax amount was not calculated at the full tax rate. Ensure that you used the correct CBMA Rate Designation Code and TTB Tax Rate in ACE and have paid the correct amount of tax to CBP. If you paid tax to CBP on imported distilled spirits at a tax rate that is less than \$13.50 per proof gallon based on a tax credit for eligible wine and/or flavor content under 26 U.S.C. 5010, make sure you have entered "Y" in the "Flavor Content Credit Indicator Field" in ACE.
5. Quantity is over assignment limit – The imported quantity reported to CBP partially or fully exceeds the quantity assigned by the foreign producer. The importer can request an assignment increase from the foreign producer or, if the imported quantity only partially exceeds the quantity assigned by the foreign producer, the entry summary line can be corrected in ACE and split into more than one line.
6. Invalid entry type code – CBMA refund claims may only be filed following a consumption entry, including withdrawal from a CBP bonded warehouse for consumption.

If you cannot correct your data in ACE, TTB has authorized importers to file refund claims using an [alternate procedure](#) in certain specified situations.
